Hello, my name is **Ex. 6 Personal Privacy (PP)** I'm just curious as to why you think it's a good idea to store uranium on American Indian lands. ~~One~~ it's against the treaty's and 2 it's just plain wrong. Besides the history and the usual blah blah blah tell me why you think it's a good idea? I know it's awful for the environment, I know it can ruin people's lives, So is money the main push here because if it is I ask you to reconsider the actual facts not just what some government official tells you. Please reconsider may 19 to never. I mean this in the most peaceful polite way. All I ask is you research true facts! When you find those "true facts" dig deeper please think for yourself? What did you want to be as a kid? A government EPA official who destroys the world? No, im sure you saw trash and wanted to help the environment well now you are just plain destroying it. Please shut the whole operation down. Thank you! Peace love and light to you. ♥*✿
